Lofting Instructions
Centennial, Pioneer, Territorial, Wilkins

1. Remove mattress from frame and turn bed so logo faces outward.

2. Detach stabilizer bar using mallet.

3. Use rubber mallet to detach metal frame and move to top notches. Secure in place with mallet.

4. Move stabilizer bar to opposite side and secure in the bottom notches.

5. Add mattress.

Note: Rubber mallets can be checked out from the front desk.

Caution: Be careful not to hit the sprinklers while lifting the bed, and ONLY attempt with at least 2 people (4 recommended).
