@UMNHousing

SETTING UP YOUR CABLE

1. Connect your coaxial cable from the wall outlet into the input port on the back of your cable-ready TV.
2. Connect the TV power cord to the wall electrical outlet and turn on your TV.
3. Using your TV remote, select Menu, select Auto-Setup, and refer to your user manual for instructions on scanning for channels.

TROUBLESHOOTING

1. Double-check your coaxial cable connection.
2. Visit your hall's Information Desk to check out a temporary mini TV. Follow the directions above with the mini TV. If the mini TV can connect to the cable system, then the problem is with your TV. Your TV may not have the built-in converter or may be broken.

If you are still unable to connect, submit a Fix It request: housing.umn.edu/FixIt

For updated information, visit: housing.umn.edu/resnet

SHARE THE AIRWAVES

Don't congest the airspace with forbidden personal routers. **Use wired internet.**
